

# MARION COUNTY SOLAR PROJECT

December 2025  
Issue 5

## Hello neighbor!

Happy Holidays, Marion County! We hope you are staying warm and gearing up for joyful celebrations with your loved ones.

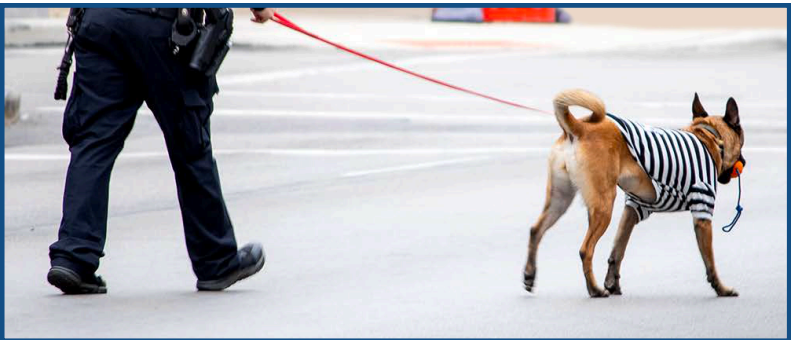

2026 will be special for Marion County Solar Project as the project will be reaching commercial operations early in the year. Panel installation is fully complete, and the final stages of construction are wrapping up. Make sure you keep an eye out for some trees and other greenery being planted to line the project site.

Did you join in on the celebrations at Downtown Marion Inc.'s Monster March in October?

Marion County Solar Project was a sponsor of this spooky trick-or-treating event again this year, and it was such fun! We're glad that so many families were able to come out and enjoy the festivities.

In the spirit of giving, Marion County Solar Project has also committed to helping the Marion Shelter Program, Marion Helping Hands, and the Junior Service Guild's Christmas Clearing House with their holiday initiatives. These organizations provide crucial services to local families in need, and we are proud to support their work for the second year in a row.

As always, we're committed to being a good neighbor and welcome your questions or comments at [connect@MarionCountySolarProject.com](mailto:connect@MarionCountySolarProject.com) or (888) 652-4105.

Visit us anytime at [MarionCountySolarProject.com](http://MarionCountySolarProject.com) or follow us on [Facebook](#) at Marion County Solar Project for facts about the project.

Sincerely,

*Samantha Sawmiller*
