 Marion County Solar Project

# MARION COUNTY SOLAR PROJECT

## The Benefits of Going Solar in Marion County:

- Impacts to the local economy through increased revenues to local governments and other services
- Boosts local business; creates new jobs during construction
- Requires minimal water consumption during construction and operations
- Will not increase local traffic during operations or create burden on municipal services (i.e. sewer, water, emergency services, etc.)
- Clean, renewable energy has a beneficial impact on the environment
- Provides an abundant, earth-friendly, sustainable power resource to help stabilize electricity costs
- Offsets carbon emissions from fossil fuel power plants, and contributes to the diversification of the nation's electricity grid
- Quiet renewable energy generator without emissions
